C.C. Banquet Now History

Postponed Dinner Brings Out Capacity Attendance

One hundred and seventy-five guests attended the postponed annual dinner of the Ukiah Chamber of Commerce, Saturday evening at the Grammar school auditorium, where Commander Scott of Romance of the Highways fame was the guest speaker, who told the guests that Ukiah is really the gateway to the redwoods and to the coastal route and that the tourists who use our highways are our "gravy train."

In order to get the gravy, Scott told the gathering that they must learn to give something in return —accommodations, trained employees and a determination that no tourist can get by without first knowing of local and neighboring attractions. The redwoods, the lakes, our green hills, are things the tourists are on the road to see.

The chamber of commerce, he said, is the backbone of the community and must be continually stiffened by the support of the membership. Non-members, he said, should hesitate to accept the benefits derived from the work of the members.

The dinner was chairmaned by Arthur Schilder, who introduced the members of the board of directors. Terry Sandelin, outgoing president of the chamber, reviewed the year of his administration and commended George Merk for his work during the year as chairman of the highway committee in furthering the widening of the State street bottleneck. He called attention to the prospects of certain industries which have developed during the past 12 months, and commended the work of Bob Jardine, former secretary of the chamber.

President Harry Falk predicted greater strides in the expansoin of our industries during 1948, the beginning of the widening of State street this year, and a truck route through the city in the not too distant future. He said that the chamber would go into politics this year to the extent of fighting the proposed reapportioning of state senators.

Secretary Paul Sutterley was introduced and recounted some of the difficulties encountered in his few months of service and ended with a note of optimism for the future.

Thanks were expressed for the decorations by the Garden Club and for music by Gino Micheletti with his clarinet, Mary Kunzler for solos with Yvonne Lynn at the piano, Wilma Rawles for solos with Vondolee Cyphers as accompanist. Stanley Lance led the mass singing.

Winton Death Decree Upheld By High Court

The California State Supreme Court has confirmed the judgment of the Superior Court of Mendocino County in the death sentences pronounced against Paul Charles Winton on November 22, for the murder of his wife and daughter and his daughter's husband, Clifford Porter, in their home at Mendocino on the morning of October 22, 1947. The Supreme court justices concurring in the opinion found "no ground whatsoever for reversal" of the judgment of the trial court.

Wintons' fate is now in the hands of the prison authorities, to set the date of his execution.

Through the time that Winton was held in confinement, and to the day he was sentenced to die in the gas chamber, he had maintained that his only desire was a quick conclusion of the matter. District Attorney James K. Busch last week was told by the state's attorney general that there is a strong probability that Winton will appeal his case to the U. S. Supreme Court.

Winton is a half-breed Indian who was born on the Del Norte Reservation 52 years ago. The woman he married in 1916 was of Yankee-Dutch descent, who later went blind. In 1930 Winton was sentenced to San Quentin for assault of his 13-year-old daughter. He was paroled in 1935 and returned to prison the next year.

Before the triple murder Winton and his blind wife had been living in a cabin at the outskirts of Mendocino when the Porter family, (the husband, wife and two children,) moved in over Winton's objections.

According to Winton's story the Porters refused to work, depending on the pension of the blind wife and mother for their food, and treated Winton badly until he determined to kill them.

He absented himself from home, drank to excess, and on the morning of October 22 returned and gained entrance to the kitchen. Clifford Porter was shot to death in the kitchen, the daughter, clad in her night clothes, was the second victim. Winton then sought out his blind wife and shot her as she cowered in her room.

Winton claimed that he intended to kill himself as soon as he had the two grandchildren taken care of. Placing them in his car he drove to the home of Mrs. Kenneth Tripp, another daughter, who lives south of Ukiah.

It was at the Tripp home that Winton was captured about noon of the day of the crime. Sheriff Broaddus had anticipated his coming and was immediately apprised of his arrival. Sheriff Broaddus, accompanied by Deputy E. R. Witter and Police Officer Travis Simpson, drove into the Tripp yard and had the murderer handcuffed before he recovered from his astonishment at the speed of his capture. He was found sitting on the running board of his car, his rifle lying in the seat.

When arraigned in Superior court Winton pleaded not guilty, and not guilty by reason of insanity. At his counsel's request he was placed in the Mendocino State Hospital for observation and examination as to his sanity and when returned to court withdrew his pleas and Judge Gibson proceeded to take testimony to determine the degree of his crimes. The alienists who had Winton under observation found that he was sane at all times.

Hagans Insurance Now Handled By Jardine

Management of the insurance business conducted by the late W. B. Hagans was taken over March 1 by Robert K. Jardine, who has built up a responsible insurance business during the past year which will be consolidated with that established by Mr. Hagans.

The same office at 206 North School street, which was the headquarters of the Hagans agency, will be used by the newly organized concern, Jardine moving from his former office at 156 East Standley street.

VISITOR FROM COVELO

J. L. Dunlap, former cashier of the Bank of Covelo, had business here Friday with the courthouse crew. Although born in Round valley, Mr. Dunlap let it be known that he is practically a stranger in his home town—so many newcomers.

CEDAR CREEK SITE AS FISH HATCHERY

SACRAMENTO, Feb. 28. (WNS) —Possibility that the state division of fish and game will start condemnation proceedings to acquire property at Cedar creek in Mendocino county was held likely here today by Emil J. N. Ott, Jr., executive officer of the fish and game commission.

The location spoken of as the Cedar Creek site is located approximately seven miles north of Cummings and a survey of the stream was taken about seven years ago, the survey being conducted by sportsmen from three northern counties, who approved the site which was afterwards selected by the state commission, Al Bechtol of Ukiah was one of the party included in the survey.

Testifying before a special finance subcommittee of the senate reviewing the budget of the fish and game division, Ott told senators that the Bureau of Fish Conservation had been seeking the property for several years to establish a fish hatchery there.

He said the division had an option to buy the property for $5000, but the state department of finance had appraised the property at $3700. Owners of the property, he said, would not accept the lesser price.

"In all probability," Ott told the senate committee members, "we will have to start proceedings against them." He said attempts to negotiate with the owners had broken down and the last two letters sent by the commission remained unanswered.

Slugged, Robbed Of $1500 Diamond

W. H. Hughes of Rockport reported to Sherriff Broaddus Tuesday that he had been slugged Monday night and robbed of a diamond ring valued at $1500.

Deputy Sheriff Ward Ries of Fort Bragg was sent to Rockport where he found Hughes and was met at Leggett Valley by Deputy Hollingsworth of Laytonville. Following a lead north the officers arrested Glenn Neel and Demas Bjrtrong at Garberville. Neel was identified by Hughes as the man who slugged him, but the officers failed to find the ring.

Deputies Bartolomei and Witter went to Willits Tuesday night and brought the prisoners to the county jail.

Vallejan Races Cop; Cop Wins; Stakes $160; Paid

Keith Dean of Vallejo paid $160 for the fun of leading a race with Police Officer Moore last Saturday evening, out on the north highway, past Erickson's and over the bridge north of that place, missing the bridge railng by inches as he oscillated at high speed along the concrete.

Brought back into town and examined by Dr. J. H. Hansen, Dean was pronounced too drunk to drive and was bedded down for the night.

Officer Moore got word of Dean's presence from a service station attendant and got there in time to see his tail light disappearing through the North State bottleneck. The traffic, which seemed to make no difference to the Vallejan, hampered the officer's movements and cramped his style until they cleared the city limits, where the going got really good—around 70 m.p.h.

BUCHANANS ON VACATION

Mr. and Mrs. K. P. Buchanan left Tuesday for a month's vacation. They plan to motor through Imperial valley and go down into Mexico and also spend some time in Texas.

FORT BRAGG TRIO IN BAD ACCIDENT

Clint Moody Lost Leg In Sonoma Co. Accident

Clinton Moody of Fort Bragg suffered injuries early Saturday morning near Schellville, Sonoma county, which necessitated the amputation of his left leg above the knee when he was pinned beneath the wheels of a N.W.P. caboose.

Moody was struck down as he attempted to push a stalled car off the tracks in front of the approaching freight, as it backed across the crossing at Schellville station, six miles southeast of Sonoma.

The caboose struck the automobile, slewing it around and throwing Moody beneath the wheels, nearly severing the limb. Jerry V. McDaniels, 19, driver of the car, was forced between the train and the car, but escaped serious injury.

A third passenger, Benny Garey, also 19, was not hurt as he sat on the side of the car away from the train. The car was dragged approximately 15 feet, observers said.

The three youth are all employees of the Union Lumber Company in Fort Bragg. McDaniels and Garey have homes in Modesto, and the trio was heading toward that city when the accident occurred.

Highway Patrol Officer George De Martini, who investigated the accident, said the car in which the youths were riding, a 1933 two-door sedan, was apparently without brakes.

Frank B. Kingwell of Santa Rosa, conductor of the train, said five brakemen were stationed at the crossing to flag down approaching vehicles as the train backed across the highway.

The trio was rushed to the hospital, where it was found necessary to amputate Moody's leg. Garey was discharged after it was ascertained he hadn't been hurt. McDaniels remained at the hospital, since doctors believed he may have internal injuries.

Although it was at first feared Moody would not recover from shock and loss of blood, hospital officials said last night his condition was "fair" and that he was conscious and could remember the accident.

Brandes Sues On Logging Contract

An action begun last week by Fred W. Brandes against the Round Valley Lumber Company, Robert Papkins, Charles Jones, etc., asks for judgment against the lumber concern for $1036 which he claims due for pine and fir logs delivered to the mill located a mile and a half west of Covelo.

An additional sum of $1200 is claimed on account of labor and materials furnished.

The action is based on the claim that the mill owners employed Brandes last September to fell, buck, skid and haul the logs from the woods 13 miles north of Covelo to the mill, at an agreed price of $18.50 per thousand board feet, and that to September 15, 56,000 board feet had been delivered.

The complaint asks that the amount due on the logs delivered be declared a lien on the property and that a deficiency judgment be given for the $1200 on account of labor.

TAKES LICENSE AT RENO

Adolph Gunderson and Annabell Jodoin, both of Willits, secured a marriage license at Reno on March 2.

Memorialize Slater

Tuesday paid tribute to the memory of the late Senator Herbert W. Slater, who died last August after serving more than 37 years in both houses.

The late "dean of the California Legislature," as he was known from one end of the state to the other, was memorialized in a resolution adopted after several of his old associates and the man who this week took his seat in the senate chamber, took the floor to voice personal tributes to the blind solon who rose above his handicap to give his all to the people of the state and county he loved.

Lakeport Rooters Came to Grief Here

A car containing three young persons from Lakeport skidded on a slick spot a half mile east of the Forks Friday night as they were coming into Ukiah to attend the basketball game. Alden Turnbull was driving and he and Barbara Shaffer of Lakeport were injured when the car rolled over. Patrolman Reg Stinehoff investigated the accident and was told by Turnbull that he was driving about 50 miles per hour when the car went out of control. The Ukiah ambulance brought the injured to the General hospital. The name of the third member of the party was not learned. Dr. J. B. Massengill attended their injuries, which were not serious. The wrecked car was towed to the Chase Garage DEMOCRAT PHOTO

FOSTER FILES FOR SUPERVISOR POST

Announcing that he is a candidate for election as Mendocino county supervisor from the Second district, R. O. Foster of Talmage stated that he had filed his petition Thursday morning. The local man will run in the June 1 primary election for the right to enter the November general election.

Foster was born in Kansas, educated in Colorado and came to Ukiah in 1910 as a maintenance man for the Snow Mountain Water & Power Company. It was the pioneer power company in this district and Foster was with them until 1924, the last several years as superintendent of distribution, having charge of construction and payroll.

From 1924 until 1946, he owned and operated the Talmage store and post office, except for the four years 1929 to 1933, during which time he owned a large garage in Pittsburg.

He was chairman of the board of trustees of the Ukiah Union High School for a number of years and the present high school building was erected during his administration. School officials state that substantial savings over other plans suggested were effected and the result has served this community well for the past 20 years.

During his long residence here, he has been active in civic affairs, taking a lead in many matters of welfare to the people of the county and opposing those that he believed to be too expensive or unnecessary.

Foster has also made a study of geology, soil erosion and water supply and with his experience in engineering and business, he feels that he is well qualified to hold the office of supervisor of this district.

He states that if elected he will give his best efforts to secure an honest, sensible and progressive management of county affairs.

Herbert Thatcher Files For Council

Herbert M. Thatcher has announced his candidacy for a seat on the city council, with a statement that his views are unbiased and his desire is to act for the good of all the people.

Mr. Thatcher was born in Philadelphia 43 years ago and lived in Los Angeles county 30 years ago. Before coming to Ukiah he was one of the civilian supervisors at the United States Naval Air Station at Alameda, where he received an award from the secretary of the navy for a perfect safety record for his division, which included naval and civilian personnel employed in the repair of airplanes.

In June, 1945, the Thatcher family moved to Ukiah in order to give their children the advantages of the wholesome country life Ukiah has to offer. His first investment was to buy the Home Market and a year later bought the Shady Lawn Nursery, which is managed by Mrs. Thatcher. They have since acquired a homesite on Standley street and have plans completed for building.

Since locating in Ukiah, Mr. Thatcher has been active in civic affairs, as a member of the Breakfast Club, the Grange and Seven-Thirty Club. He is a member of the Sonoma-Mendocino Area Council of Boy Scouts, worthy president of the Ukiah lodge, Fraternal Order of Eagles, and a charter member of Ukiah Elks.

Thatcher is interested in knowing what the people want of their councilmen and intends to make a house to house call before election time.

Council Asks Ball Park Law Repeal

Ordinance No. 252, which was passed in 1920 for the purpose of creating the South State street ball park and playground, will be submitted for repeal at the city election.

The city council took this action Wednesday night in order to dispose of legal technicalities which prevent the sale of the property so long as it is covered by the ordinance, which was adopted by a vote of the people.

Sale of the ball park is a part of the plans of the city to acquire land near the municipal park and swimming pool for a ball park and extensive playgrounds.

HOME FROM VACATION

Mr. and Mrs. W. J. Lynch arrived home Wednesday from a 30-day trip through the Sacramento valley, with stopovers of special interest in Woodland, Stockton and San Francisco, on the return trip. home.

WALTER HOPPER SERVICES

Funeral services for Walter Hopper of Hopland have been postponed until Saturday, March 6, to allow his son Ray time to arrive here from Germany for the services, arrangements for which were made through the American Red Cross. Services will be at the Hopland Methodist church Saturday afternoon at 2 o'clock with the Ukiah Funeral Chapel in charge.

Masonite Will Take Up Options On Site

Owners of land north of Ukiah on which options held by the Masonite Corporation of Chicago expired March 1, received notice Monday by registered mail from the San Francisco office of the company, that the corporation had elected to exercise their options.

Lands included in the options approximate 125 acres, including a right-of-way through lands belonging to Garret & Company. The acreage includes 29.46 acres belonging to Kirby Ford, approximately 70 acres of the Bogner land, eight acres from Al Antoni and eight acres belonging to Erickson Brothers. The Kirby Ford option includes water rights, he says.

A telegram received by the editor of the Journal today from the Masonite Corporation verifies the exercise of options on proposed site for the plant here and some rights of way for the projected truck road, to tap desired timber area. The message says further, "that many difficulties remain to be worked out and that definite announcement of the company's plans must wait until the entire project, including access roads and timber lands, are assured."

This move is definite evidence that the Masonite firm has decided in favor of the Ukiah location, and although no money has changed hands on the purcase price of the land and a period of 45 days is allowed the company in which to search titles to the properties, there is now a general feeling that ultimately Ukiah will be the home of a Masonite manufacturing plant of great size.

How soon this will materialize if the company pushes its plans through depends largely on the length of time required to conclude the preliminary work, which includes a 2-lane logging road to be built from the Navarro river basin, where the company will tap its source of raw material. Conservative estimates indicate that practically two years will be needed for that job. We are told that the road construction will begin in the basin and work toward Ukiah, the entire route to be fenced.

All this is highly speculative, but to a certain degree it is borne out by correspondence between this paper and the Chicago headquarters of the Masonite Corporation, and we are emphasizing this time element to show there is no immediate reason for an influx of persons here seeking employment such as frequently occurs when and where new industries are promised.

Plans of the Masonite Corporation, as have been made known here, involve the Union Pacific timber holdings in the Navarro river basin, estimated at 1,000,000,000 board feet, and an all-year logging road that would make it possible to conduct operations throughout the winter months. The preferred route is through other large sections of timber.

Bad Year For Agriculture

California Crop Reporter Is Singing Harvest Blues

SACRAMENTO, March 3 — (WNS) — California agriculture faces one of its worst years in history, the California Crop and Livestock Reporting service announced today, as a survey continued to determine acreage of various crops this year.

The service said the industry faces curtailed production and less revenue to farmers, unemployment among farm workers, curtailed production in processing plants, with additional unemployment, less money in circulation, and a shortage of food when a surplus is needed to feed the hungry overseas.

Members of the staff of the service are pessimistic, calling attention to the fact there is a water shortage in all sections of the state, with little snow in he mountains and water tables dropping. A late winter storm, they said, would ease conditions only partly.

Some winter vegetables have been wiped out by the drought, others are low in yield. In some sections where irrigation water is available crops are doing well, but officials say that growers are forced to draw on water supplies at a time rain should be watering their crops.

In other localities growers have been able to irrigate only once or twice when three irrigations were necessary.

"Growers are not going to plant when they know water is not available," said one statistician. "They will concentrate on one crop rather than plant the usual diversified crops. This means reduced acreage, smaller crops, and less revenue to farmers."

Asking Partition Inheritance Land

A complaint in partition was filed in Superior court here this week by Edward J. Vanderbasch against Glenn and Vincent Vanderbasch and Cecelia Atterberry for the partitioning of a 400-acre ranch in this county.

The principals to the action are owners as tenants in common of the estate, an inheritance, and the complaint asks that their respective interests be determined and that the partition be made according to those interests, or that the property be sold and proceeds divided accordingly, if partition cannot be made without material injury to the rights of any of the parties concerned.

Edward Vanderbasch claims a 30/36 interest in the property, which is located in the northwest part of the county.

E. E. Walker of Hollywood is attorney for the plaintff.

Eight Out For Council

The list of aspirants is as follows:

Russell Richardson

Mr. Lindbergh's announcement appeared in a recent issue of this paper and that of Mr. Thatcher is in the current issue. Statements from the remaining six candidates will be published as gven.

J. E. Singley of Boonville had business here Wednesday.

New Distributor For General Pete

Appointment of G. L. Porter as wholesale distributor for General Petroleum Corporation in the Ukiah area has been announced by B. F. Ball, the company's northern California division manager.

The new distrbutor, who takes over operation of the bulk plant on Leslie street, Ukiah, immediately, replaces Herschel Ford, who has served as wholesale agent for the past four years, but who has resigned in order to go into farming. The area served by Porter includes Calpella, Covelo, Coyote valley, Dos Rios, Hartsook, Hopland, Laytonville, Longvale, Potter Valley, Redwood Valley, Sherwood Valley, Talmage and Willits.

Porter comes to his new post after 10 years with another major oil company in responsible positions. His home was in Huntington Beach, California, where he was a member of the Rotary Club, a director of the chamber of commerce and chairman of the Businessmen's Association. During the war he flew as a service pilot with the Civil Aeronautics Patrol.

Property belonging to Ernest Page has been purchased by the county for the Round Valley airport. The price paid, $1500.

Farm Bureau Units Report Activities

At its regular monthly meeting next Friday evening the Calpella-Redwood Farm Center will listen to a talk by F. F. Parks, specialist in agricultural engineering, on methods of frost control. R. D. Foote, county farm advisor, will speak on moisture conservation.

At Willits Farm Center, next Monday evening, Farm Advisor Foote will talk to growers on livestock management, disease and parasite control. This is one of a series of timely addresses that Mr. Foote is delivering at centers throughout the county.

Our Home department is progressing nicely under the leadership of Mrs. Ivan Crawford, Home department county chairman.

The Calpella - Redwood Valley unit has been holding regular monthly meetings on the first Wednesday of each month. These gatherings have been well attended and the women have under way several projects—dressmaking and altering. Mrs. E. E. Butow is chairman.

The Hopland unit held an area meeting on February 27, with Mrs. Chris Keifer presiding. Present were Mesdames N. W. Daniels, Polly Milone, Mary Milone, Mary Minter, Dorothy Abert, Margaret Dempel, Pat Austin, Lena Vassar, Wanda Beasley and Mildred Crawford. The ladies decided to meet the first Friday of each month at Guild hall.

At the April meeting, which will be attended by Miss Pauline Perate, field representative of the C.F.B.C. Home department, projects will be launched and other activities to be sponsored by local units determined. Mrs. Crawford has also planned to have Miss Perate meet with the Home department in Redwood and Potter valleys in April to formulate plans and projects.

In May, Mrs. J. E. Bigelow, state federation Home department chairman, will visit the various home department units in Mendocino county.

OPEN HOUSE SUNDAY HONOR NEWLYWEDS

Mr. and Mrs. Norman Buhn entertained at open house Sunday, February 29, honoring Mr. and Mrs. Russell L. Clarke (Mary Buhn). Mr. and Mrs. R. F. Clarke, parents of the groom, were in the receiving line with Mr. and Mrs. Buhn and the newlyweds, to greet the many guests.

The color scheme was pink and white with floating pink camellias surrounded by white daphne and blossoms of flowering quince and lighted white candles against a white drape background.

Punch, tea and coffee were served with canapes, petit-fours and hors d'ouevres.

Mr. and Mrs. Bert Schaefer and their daughter, Leona Schaefer were guests attending from San Francisco and Mr. and Mrs. Ed Harton were there from Longvale.

FRANK YEAGER FUNERAL

Funeral services will be held at 11 o'clock Monday morning, March 8, from the Ukiah Funeral Chapel, with interment in the Ukiah Cemetery. Yeager had no known relatives in this vicinity and efforts to locate his sister at Porterville were unsuccessful.

Mr. and Mrs. J. D. Jensen of Point Arena were in Ukiah Tuesday morning and report they need rain and warm weather in that section.

Handicraft Lessons Are Well Attended

Cub Scout Den Mothers and Camp Fire Girl leaders attended the first session of a handicraft training program at the Methodist church Wednesday, March 3. It was the first of several meetings to be held and included a movie on cub scouting and instructions and projects on craftstrip.

Projects for Thursday and Friday include sawdust modeling, whittling and leathercraft. Among the enthusiastic mothers attending these classes were Mesdames E. C. Larson, C. B. Cornell, John Viarengo, James B. Massengill, W. H. Brunner, R. H. Frohn, Paul Sikora, John Luiz, H. R. Holmes, Vernon Yates, Frank Carpenter, Elizabeth Brown, A. J. Whitney, A. G. Kessinger, Frank Crane, A. S. Fraga and W. Lawton.

Silas Davis Services Were Held Thursday

Silas "Si" Davis, wellknown Ukiah Indian, died March 1 after a short illness, and funeral services were held Thursday from the Ukiah Funeral Chapel with interment in the Ukiah Cemetery. Dr. Richard Van der Las of the Presbyterian church officiated.

Davis left no immediate relatives, and according to Chief Knight, he was the last of his tribe of mountain Indians. He was noted as a steady, hard-working man, who had many friends, among Indians and Whites alike.

TEN YEARS AGO
March 11, 1938

Members of the board of supervisors and scores of friends of John M. Rupe, supervisor from the Third district, attended funeral services held for him at Willits today.

The body of Joseph Corey, well-known rancher of the Hopland and Elk sections, who had been missing for several days, was found the first of the week in the creek about a quarter of a mile from his home back of Duncan Springs. It is believed that he fell into the swollen waters while rounding up stock, and drowned.

The National Labor Relations Board will hold hearings at Fort Bragg on March 21, to arbitrate differences between the Union Lumber Company and the union which was organized there recently.

Camp Fire guardians from Willits, Fort Bragg and Ukiah met in Willits Monday night, February 23, to discuss the promotion of Camp Fire activities in Mendocino county. Leading the discussion was Miss Mary Fiedler, who is regional field advisor for Camp Fire. Miss Fiedler is an experienced and enthusiastic worker in Camp Fire and gave an interesting and instructive talk on the reasons for extending the program among the girls and on the benefits we may hope to have by enlarging the program throughout our county.

On Tuesday, February 24, six guardians from Fort Bragg, three from Ukiah and nine from Willits met at Leak's hall in Willits for an all-day training course conducted by Miss Fiedler. The fun and facts of Camp Fire work were combined in her very well-balanced schedule for the day and the leaders who participated felt richly rewarded for the time spent.

At noon all members of the training course had lunch together. Each visitor had brought her own lunch which was supplemented by coffee service with Willits leaders as hostesses, and surprise additions of delicious stuffed eggs, salads, relishes and cake brought by the Willit and Fort Bragg leaders. An animated round-table discussion was carried on all through lunch and Miss Fiedler was kept busy answering all the questions asked of her.

The afternoon session ended with a short ceremonial composed and conducted by Miss Fiedler. With her help and the assistance of more adults whom we need to "Come and Join the Fun in Camp Fire," we can build up an increasingly better program for the Camp Fire girls in Mendocino county. Camp Fire girls can include all interested girls from the Blue Birds through the Horizon Clubs for the high school girls.

Those attending from Ukiah were Mrs. Paul Sikora, Mrs. Frank Carpenter and Mrs. Florence Holmes.

Odako group of Campfire girls made up ceremonials for their Wednesday afternoon meeting in their clubhouse. The meeting was in honor of Nancy Brown and Angie Riva who have just reached the trail seekers rank. Because it was a patriotic theme, red, white and blue candles were lighted for each point of the law.

Awards of national service honors, earned by doing voluntary extra service for Campfire or community, were won by Betty George, Janet Waugh, Marilyn Fearrien, Eloise Spurr, Nancy Brown, Claudia Imwalle, Shirley Richwine, Phyllis Williams, Angie Riva, Marlis De Wall, Shirley Ginochio.

The ceremony ended with the extinguishing of the candles, reading their laws and singing the song composed by the girls to the tune of Long, Long Trail.

WOMEN'S SOCIAL AND CLUB NEWS

Popular Young Couple Were Married At Ukiah Methodist Church Sunday

The marriage of Muriel Ann Smith and Delbert Leroy Munson, popular young couple of Ukiah, took place at the Methodist church Sunday, February 29, with several hundred people assembled to witness the double ring ceremony performed by Rev. Charles G. Linthicum.

The church was simply but beautifully decorated with flower baskets of pink and white stock on either side of the altar, which was lighted by tall white tapers.

Soft chords of The Lord's Prayer, played by Gloria Pacini, opened the ceremony, then the song in the beautiful voice of Virginia Locatelli stilled the audience. This was followed by the awe inspiring Ave Maria.

The bride was radiantly beautiful in a dusty pink suit with matching hat of straw and flowers, accented with brown accessories and a bouquet of brown orchids. She was given in marriage by her brother, Joseph Vinton of Willits.

Mrs. Katherine Cummings, sister of the bride living in San Francisco, was the lovely matron of honor. She was dressed in navy blue with wine accessories and wore an ivory hat with soft veiling at the sides.

Leno Valentini was best man. The ushers kept busy with the big crowd were Brent Searway, Lloyd Venturi, Robert Knudsen and Tom Zink.

Over 300 guests were greeted at the reception for the young couple, given at the Saturday Afternoon Club following the wedding.

Decorations for the affair were baskets of spring flowers tastefully arranged and spaced throughout the building. The refreshment table had a five tier wedding cake placed in the center of an oval mirror, which was trimmed with an edge of gardenias and pink carnations. Punch and canapes were served with the bride's cake.

Music for dancing was furnished by Oliver Pacini and his band.

Among out of town guests were the bride's mother, Mrs. Clara Vinton of Willits, her sisters and several brothers-in-law, Mr. and Mrs. Darrell Boulware, Mr. and Mrs. Bill Lewis, Mrs. Katherine Cummings, Mrs. Ruth McLean, all of San Francisco, and her brother, Joseph Vinton of Willits, and Mr. and Mrs. Myron J. Slaby of Burlingame, relatives of the groom.

The bride is the daughter of Mrs. Clara Vinton of Willits. She graduated from Willits high school and went from there to Willis College of Business in Oakland, where she completed her secretarial education.

Munson is the son of Mr. and Mrs. D. N. Munson. He attended school in Ukiah but received his diploma from the Vallejo high school. The war came and he spent three years in service. When he came home he opened a men's wear shop and has been in business for himself ever since.

The newlyweds have gone south for their honeymoon trip.

Expert Speaks of Camellia Culture

When Mr. and Mrs. Clyde Von Grafen of Santa Rosa appeared before the Ukiah Garden Club Thursday evening, at the municipal clubhouse and presented the program on Camellias, the 75 members and guests there realized the speakers are experts in their particular field. The Von Grafens, raise from 20,000 to 25,000 camellias each year, because they love them, and this fact manifested itself throughout the entire evening.

From 200 to 220 varieties are grown in their lath houses at their nursery and of these, 60 varieties which now are in bloom were used as part of their program. Arranged against a background of white, these strikingly beautiful blooms—pink, red and white, with their shiny green foliage—were perfectly displayed in all their splendor.

Assuring his listeners there was no mystery about growing camellias, Mr. Von Grafen told of the simple care required in successful camellia culture, and after giving these pointers, answered many questions. At the conclusion of the program he presented three choice plants as a gift to the club, and said it was his earnest desire that the Garden Club should have the privilege of securing Albert Wilson, a noted horticulturist, for a program at some later date. The club became $50 richer and Mrs. Barbara Stipp, Mrs. James B. Massengill and Mrs. Athol Horr each became the proud possessor of a choice camellia bush as a result of the sale of the plants. This generous gesture of the Von Grafens was appreciated by the club. Plans are under way to arrange a program to be given by Albert Wilson at an early date, to which the public will be invited.

The home of Mrs. Arthur Schilder will be the place of the next meeting, on Wednesday, March 10, at 2 p. m. The program will be presented by Mrs. Irene Schmidt, who will talk about primroses, and this promises to be another interesting afternoon.

Mrs. Pearl Hutsell of Boonville was in Ukiah Wednesday.

John Loves Mary Gets Big Ovation

John Loves Mary is the title of the play read by Mrs. Harriett Barnes of Santa Rosa at the meeting of the Saturday Afternoon Club February 28 at 2 o'clock.

Mrs. Louis Hildreth, program chairman, introduced Mrs. Barnes, well known and popular entertainer and the account of her reading of the play states it was exceptional in its comedy and tragedy contents.

At the end of the war John is ready to leave England. He is going home to marry Mary. As an accommodation to his buddy, who is already at home in America, John marries his buddy's English girl in order for her to obtain passage to America. When they arrive in America John's buddy has married an American girl. That is when the play gets all tangled up in funny snarls and knots of complicating laughs.

Mrs. Barnes handled the scenes with extraordinary skill, timing it with exactness and carrying through to the happy ending that shows always John loves Mary, and Mary has remained understanding throughout, though a trifle provoking at times.

April 17 was set aside as the date for the minstrel show that will be presented by Mr. and Mrs. Thomas Franklin.

Mrs. Grover C. Neep gave a report on the Red Cross drive.

Tea and coffee were served from two beautiful tables covered with lace cloths and center bouquets of the same flowers in the basket bouquets of heather, daphne and fruit blossoms that breathed a gay note of spring in the decorations.

Cookies of many varieties were served. The hostess committee was headed by Mrs. Werner Holzhauser, with the following assistants: Mrs. Grover Neep, Mrs. Ruth Kington, Mrs. J. R. Thomas, Mrs. Nelmes Smith, Mrs. George Hovey and Mrs. John Kinsler.

Former Ukiah Girl Married In January

Joy Turner, daughter of Mr. and Mrs. Frank Melvin Turner, once prominent in business and social life in Ukiah, was married to Frank Cardelli, January 31, at historic St. Mary's church in San Francisco.

It was one of the bright spots on the winter social calendar, taking place in the evening. The bride was beautiful in a gown of imported lace over ivory satin. She was attended by six of her classmates, all beautiful in the bustle-back hoop skirts and off-the-shoulder neckline, popular notes of the day.

Lorraine and Jerry Barringer, 6-year-old cousins of the bride, almost stole the show in their miniature formal dress. Lorraine was flower girl and had the same style full skirt and carried her parasol bouquet of blue tulle and satin ribbon covered with pink flowers.

Jerry was the ring bearer, very proud in his tuxedo, carrying the rings on a white satin pillow.

Mr. and Mrs. Harold Bishop have taken rooms at 232 Mill street for the time being. Bishop is the latest addition to the local police force, doesn't have his uniform. That will be an excuse for a trip to San Francisco during the week.

Report of Executive Board Meeting Told by Mrs. Isnard on Return Home

Mrs. Jane Isnard gave an enthusiastic account of her attendance at the executive board meeting of the American Legion Auxiliary in San Diego the past week. She went down with Mrs. Ellen Taylor of Fort Bragg, who is on the girls' state board of directors.

The object of the board meeting was to plan all of the work for the coming year and to discuss the programs already in operation and discover how they are leveling off.

The Legion and auxiliary devote their work to the rehabilitation of veterans, giving them every assistance they can in promoting the social welfare of themselves and their families. Child welfare takes a prominent place in the program of the organizations. It is planned to give aid to veterans' children, but it is not confined to members of Legion families, as they give help to all children and work to promote a better future for every child, which was the subject of the board's meeting.

One of the social events was the breakfast given by the department president at the Hotel San Diego Saturday morning. The banquet at the same hotel Saturday night with Legionnaires and 40-and-8 was of such a variety of entertainment it will long be remembered by those present, Mrs. Isnard said.

She told of the national vice president for the western division, Mrs. William B. Dingle of Dayton, Washington, being present at the meeting and of the enthusiasm she gave to the whole program.

Representatives from all over the state were urged to go home and inspire the local lodges to get busy on the red poppy sales. They were reminded of the 1,574,000 paper poppies that will be made by non-compensated veterans in the veteran hospitals in California.

Veterans in the hospital at Yountville will make 258,000, and they will make all of the poppies to be used in Hawaii. The women of the auxiliaries furnish the material for the poppies and the men pay three cents apiece for the veterans to make them. The money from the sales of the poppies is used for the general welfare work of the Legion and auxiliary.

Mrs. Isnard said in closing her report that her committees will be appointed soon and they will make a concentrated drive to promote the sale of red poppies on Poppy Day here in Ukiah. She suggests that boys and girls work hard on their poppy posters because there is always a good chance to keep going up for the national competition that wins the big prizes.

DESSERT BRIDGE AT THE PORTLOCKS

Mrs. George Portlock with Mrs. Vern Davis was hostess at a dessert bridge at the Portlock home Thursday evening. Mrs. Adda Lindsey had high score, Mrs. Frank Branson was second high and Mrs. Pierce Stipp was awarded the galloping goose.

Appetizing strawberry shortcake, whipped cream and coffee were served. Those to enjoy the evening with Mrs. Portlock and Mrs. Davis were Mesdames E. H. Barker, Art Bradley, Frank Branson, Verne Boulware, Kenneth Farnsworth, Tom Franklin, George Hovey, C. A. Lindbergh, Adda Lindsey, Richard Mazzoni, R. H. Jahn, Pierce Stipp and E. H. Balyeat.

VISITED CITY LAST WEEK

Mr. and Mrs. George Pokorny were visitors in San Francisco for several days, shopping for furnishings for their new home, which they are building on Jones street.

FACTS ABOUT POWER CURTAILMENT

A STATEMENT BY P. G. AND E.

California, particularly in the central and southern areas served by the Company, is faced with a drought of unprecedented proportions. In the Bakersfield area, for example, rainfall this season has been less than 20 per cent of normal. Most of this season's scant precipitation in the watersheds of California came last fall and what remains in the mountains in the form of snow is only about half of what it was in 1931, the driest year of record.

The drought has had the double effect of drastically reducing the amount of water power available and at the same time creating a large and completely unprecedented irrigation pumping demand. It is estimated that this pumping demand exceeds normal by at least 250,000 horsepower. This is equivalent to the combined power demand of the cities of Sacramento, Stockton, Fresno, Merced, San Jose and Berkeley.

Power Saved Is Water Saved

In order to conserve water, we ran our steam electric generating plants at full capacity all last year. By doing this we were able to effect a carry-over of about 50 per cent of our storage capacity—well over the normal carry-over. Unseasonable pumping demands have made heavy inroads on that storage, and power curtailment has become necessary to prevent further depletion of stored water.

The City of San Francisco and other electric producing agencies face similarly severe drought problems. The City of San Francisco already has found it necessary to reduce its power output to conserve water.

War Delays Expansion

This winter's drought occurs at a time when the Company's power reserves are at a minimum. Wartime restrictions on construction, shortages of materials and the prolonged postwar strikes greatly delayed the delivery of new generating equipment.

When the war started, the Company had on order two large steam electric generators which were to commence operation in 1944. Work on these generators was stopped in 1941 for the duration of the war by order of the War Production Board. Promptly after wartime restrictions were ended the Company restored the orders for these war-delayed generators and followed this with orders for a number of additional hydro and steam electric plants.

New Generating Plants Due

We have just received the first steam electric generator reordered in 1945. This new 100,000-horsepower unit is now being installed in our Kern plant near Bakersfield. We expect to place it in operation in April. We will also add 125,000 horsepower in the new Electra and West Point plants on the Mokelumne River this year, and 300,000 additional horsepower at Station "P" in San Francisco. In all, 525,000 horsepower of new generating capacity will be installed in the next twelve months on the P. G. and E. System.

Delay experienced by the Bureau of Reclamation in installing the first two additional generators at Shasta Dam has further aggravated the situation. These units of 100,000 horsepower each were installed during the war at Grand Coulee Dam. In early 1946 they were moved to Shasta Dam. They were scheduled to commence operation in the summer of 1947 before any other new plants could be constructed in the area in the postwar period. This schedule was not met. The first of these generators is only now about ready for operation and the second is expected to be ready in three months.

Construction Program

The Company has had underway for over two years a huge construction program to bring 1,400,000 horsepower of new generating capacity to the area. We are doing everything possible to speed that program. In 1945, the last war year, we spent $22,526,000 on new construction. In 1946 we spent $45,000,000. In 1947 we spent over $100,000,000. At the present time our construction expenditures exceed 10 million dollars a month.

During the next 12 months alone our construction plus the additions at Shasta will aggregate more than 725,000 new horsepower.

Hope for Rain Diminishes

The power situation will remain critical until these additions are completed unless relief comes through a protracted period of heavy rainfall in the valleys and a deep snowpack in the mountains. Hope for such relief diminishes each day. The drought emergency and the public interest require the fullest cooperation with the power curtailment orders of the California Public Utilities Commission. Moderate curtailment now may well forestall more drastic curtailment later.

Power producing agencies are cooperating in a regional power pool to make the most of available resources. The public can be assured that we have done and will continue to do everything possible to meet the emergency and to keep curtailment at a minimum. The Company is appreciative of the cooperation it is receiving from the public.

NEW PENSION PLAN FULL OF JOKERS

Ham and Eggers Of Old School Are Tossed Out

By Earl G. Waters

SACRAMENTO, March 4 — (WNS)—While first announcement of the plan to legalize gambling in California under the guise of providing more adequately for the state's aged may have been passed over lightly by the average citizen, the latest developments indicate a need for serious thought on the subject.

For the gambling interests, as previously reported by Western News Service, are intent and astute. And, make no mistake, gamblers are noted for playing calculated games.

The proof of their seriousness is shown in their latest moves which have reorganized their entire setup for the campaign.

Originally, the Allens, Lawrence and Roy, and Will Owens, those professional old age advocates of ham and egg fame, banded together with the gamblers to form the California Bill of Rights Association.

Under this heading, the gamblers planned to conduct a campaign designed to attract a million old age pension votes by offering pensions of $100 per month to everyone over 55 years of age. They planned to finance the campaign by throwing in several propositions which have been attempted separately on occasion, and overwhelmingly cast aside. Among these were the Naturopaths program, the repeal of the Oleomargarine act, and the anti-vivisection measure.

The Allens and Owen were to deliver the old age pension votes and were to reap a considerable harvest from the campaign funds. Apparently, the ham and egg trio became fearful that the measure might prove successful. At least some sources among the gambling interests offer that as a reason. They point out that these three, like several others in this state, have been promoting campaigns so long that it is now an estblished business with them. Satisfy the pensioners, the gamblers state, and there would no longer be any need for old age pension clubs and no further reason to finance expensive statewide campaigns.

At any rate, and whatever the motive, Roy Owens came up with a proposal to abolish all forms of taxes and substitute a two percent gross revenue tax on all business. That such a tax would not only be impossible in practice, but would be opposed by even the most elementary student of taxation, was immediately perceived by the gamblers. It signed the divorce of the gambling interests from the ham and eggers.

Now, with the Allens and Owens out of the picture, the gamblers have settled down to devising a practical measure which will be free from any issue except that of legalizing gambling. It is this arrangement which makes the measure dangerous to those who stand opposed to such a proposition.

No longer will the proposition be weighted down with innumerable subjects extraneous to the issue. It will be a simple measure which offers the aged a more liberal pension in return for sanctioning open gambling in all forms including a state lottery.

In this offer the gamblers expect to gain 1,250,000 votes. By offering one-half of one percent of the state's revenue from this source to the veterans for needy interest free loans, and for rehabilitation and service, they expect to pick up another 250,000 votes. M. C. Hermann who sanctioned the Veterans of Foreign Wars, has alligned himself with this group as a member of the board. It was Hermann who sanctioned the V.F.W. support of the greyhound racing bill last fall, despite the protests of many individuals of the V.F.W. and a number of posts as well.

Another half percent of the revenue is slated for fish and game propagation, a play for an estimated 250,000 sportsmen's votes. For the do-gooders, which the gamblers estimate would ring up another 250,000, a half percent would be donated to the state universities for research of dread disease, such as cancer and polio.

Then, the advocates figure that tavern owners, hotel men, greyhound racers and others among their own ranks will rally 350,000 votes, giving them a total of 1,450,000 which is 50,000 or so more than they need to win. These, they state, are conservative estimates.

The pension offer has been jacked up to a maximum of $150 for everyone over 60. The proposal would provide that the pensions must be paid entirely out of gambling revenue. Tax money could no longer be used for pensions.

The group is also forsaking the original title of "bill of rights" and will name the campaign simply the California Pension Plan. However, under that name they will seek to prevent the Allens and Owens from continuing under that name. The ham and eggers have indicated they will continue to promote the original idea of an omnibus pension bill.

Heading the reorganized gambling bill are Hermann, Henry Hubbard, a San Francisco attorney and hotel man, and Charles Rosendahl, one-time associate of Aimee Semple McPherson and former opponent of the ham and egg movement.

City Preparing Brown Out Order Enforcement

The council is preparing for presentation to the users of electricity the orders of the public utilities commission as they apply to residential lighting and interior and display lighting in public buildings, theaters, etc., to drastically reduce the use of power.

This will require a 10 percent reduction in home lighting, with commercial establishments, theaters and like establishments being reduced as much as 50 percent in some instances. New businesses will go on a priority list for service in the order of application.

Legion's Waste Paper Drive Is Postponed

The proposed paper drive which the American Legion was prepared to conduct here on a regular schedule will have to be postponed until there is a market for waste paper. The Americanism committee, under which the drive will be conducted, has been unable to find buyers.

While this will curtail the Americanism work done by Lewis White Post, the committee is planning a substitute activity.

NEW AUTO COURT LICENSED

James C. Brown has been licensed by the state division of housing to expend $3000 for construction of the Pinewood Court, three miles south of Laytonville. The division also issued a permit to Wilfrid and Ella Deacon to manage the Windsor Auto Camp north of Longdale.

SUBSTITUTE AT CALPELLA

Mrs. Olive E. Busch substituted for Mrs. Mark Eglin at Calpella school last week, when Mrs. Eglin was called to Oakland by the death of her aunt.

NEW DAIRY HOME IN POTTER VALLEY

The spirit of friendliness is of a superlative degree in Potter Valley if one can judge from the neighbors, who joined in laying the foundation for the new home which Les and Mary Hulbert are building on their 30-acre dairy farm.

Two neighbors took charge of the cement mixer, Les was the motor power for the wheelbarrow transporting the cement from the mixer to the foundation molds.

The foundation was tamped down by Mrs. Hulbert and a couple of friends, one woman and a man, and her father was smoothing the surface to a perfect level. The house is to be constructed of cement blocks.

There will be a living room 18x21 that will separate the bedrooms and the dining room and kitchen. The dining room will have a doorway that will allow for its opening into the living room for special occasions with big crowds.

The kitchen will be on the south end of the building and will open outside onto a service porch, with pantry and storage space allowed.

The living room will have plenty of window lights, with a fireplace in the center of the south wall.

The bedrooms are separated by a small hall, opening onto the bath on the east side and the living room on the west.

The house is to be heated with unit heat and will have a patio in the back. A porch across the front of the house will have a ground-level floor, probably of flagstones or cement.

Legion Auxiliary Met Wednesday Nite

American Legion Auxiliary had their regular meeting Wednesday night at Veterans' Building with Mrs. Lillian DeKeno, president, wielding the gavel.

The unit voted to sponsor a girl to Girls' State in Sacramento in June. The Girls' State is sponsored annually by the American Legion Auxiliary and educates the girls as to the functioning of the various governmental agencies in the state. Representatives are chosen from this encampment to attend Girls' Nation.

All girls who attend travel on official trains and are properly chaperoned at all times. Only girls who will be low seniors in high school in September, 1948, will be eligible to compete.

Donations were made to the Red Cross and the Shriners' Crippled Children's Hospital in Los Angeles

Interesting reports were heard from Jane Isnard and Anna Moore on the district meeting that was held in Fort Bragg last Sunday.

Mrs. Norman Miller was given the obligation admitting her into the unit.

Mrs. H. W. Salls spoke on the 40/8 dinner to be held March 6, which is open to the public.

The Legion birthday dinner will be held on March 17 and will be the gala affair it always is.

Refreshments were served by Mrs. Ruby Cunningham and Mrs. Eva Franch.

It was decided that the next meeting will be an open one to which all members are expected to invite a guest. The membership of the Auxiliary is being opened to any woman who may be interested in joining the group. It doesn't matter whether one has a husband or member of her family in the Breakfast Club or not. Those interested should call either Mrs. Charles Lewis at 1166-W after 6 p.m. or Mrs. John Viarengo, telephone 1113-M for details.

The next meeting will be at the home of Mrs. Viarengo on Luce street. She will be assisted by Mrs. Raymond Williams. Those wanting transportation or directions may contact Mrs. Lewis or Mrs. Viarengo.

Missionary Day Marked By Christian Church

A special Missionary day was observed in the Christian church last Sunday, sponsored by the Sunday school under the direction of Mrs. Marvin Romer. Featured in the Sunday school period was a display of Hawaiian handiwork and ocean life, with a piano solo, Springtime in China Town, by Mrs. Marvin Romer.

Following the morning church service, there was a covered dish lunch with over 60 persons present. A skit was presented after the lunch which showed the relationships necessary in international good will. Parts in the skit were played by Miss Shirley Richwine, Mrs. Robert Ford and Mrs. Oran Bollinger. A piano duet by Mrs. Marvin Romer and Mrs. Oran Bollinger closed the program.

At the Christian Endeavor hour, a joint meeting of all societies was conducted by Mrs. Walter Rust, with several of the persons present participating in the meeting.

Spalding Pleases Capacity Audience

The auditorium of the Ukiah high school was packed Monday night for the Albert Spalding violin concert.

A glance about showed a happy enjoyment of the music by all of the listeners, which included children and grown-ups of all ages.

The program was well planned, opening with Mozart's Sonata in G-major, and carrying through a fine variation of music by Pescetti, Corelli, Lalo, Bach, Ravel, Benjamin-Primrose, Paganini and Strauss.

His Jamaican Rumba with its lively rhythm caused a ripple among his audience. Most of the music showed his own adaptation. His success in giving a fine performance was due in large part to the skill of his acompanist, Anthony Kooiker.

At the close of the program the artist was recalled again and again, responding graciously with encore after encore.

After the program the artists and Mrs. Spalding were honor guests at a reception given by Mrs. Agnes Thomas at her home on the Vichy road.

Long Valley Garden Club's Easter Plans

Mrs. Alma Geiger of Laytonville was hostess to the Long Valley Garden Club on February 26.

The next meeting, on March 11, will be held at Rancho Ednita, home of Mrs. Harton. Mrs. Leta Bush will talk on slipping and transplanting.

An Easter party was planned for the March 25 meeting, which is to be a luncheon, the place to be announced later.

Legion District Meet At Ft. Bragg

The American Legion and American Legion Auxiliary held a joint district meeting in the Veterans Memorial building at Fort Bragg Sunday, February 29, opening the session at 10 a.m.

Don Clark, state adjutant of the American Legion praised the women of the auxiliary for their many accomplishments during the past year.

Mrs. Cecilia McKinnon, state officer, member of the finance board of the auxiliary gave a statement of account to the district group.

Mrs. Wharton Taylor of Fort Bragg, member of the girls' state board of directors, gave a splendid talk to the women, telling of the activities of her board.

One of the purposes of the district meetings is to give reports of the unit activities for an exchange of ideas for work among the different organizations.

Sunday's meeting was broken with a fish dinner at the high school cafeteria, which was reported delectable, even as Fort Bragg brags they are.

Those attending from Ukiah were Mesdames Alling Davis, Edgar Dutton, William Moore, Mark Eglin, John Isnard, Opal Wessels and M. L. De Keno; from Hopland were Mr. and Mrs. Donald McMillan, Mrs. Cecil Taylor, Mr. and Mrs. Henry Cox, Frank Milone and Delbert Collins.

Mrs. Donald Musser Hostess To Mothers

Mrs. Donald Musser was hostess to a large group of members and guests of the Mothers Club at her home, Tuesday, March 2.

Mrs. Everett Swigart presided over the business session.

Mrs. Burt Hinds read a timely article, a condensation of a speech by Mrs. Agnes E. Meyer, entitled "Shall the Churches Invade the Schools?" to the effect that what our country needs is not more sectarianism in the public schools but more religion in the churches.

The interesting lesson topic for the evening under the leadership of Mrs. Joe Turula was "Learning How To Love."

"As children grow from babyhood to maturity, their emotional attachments change. Each attachment helps the child to learn how to love other people and to get nearer to the final goal, which is the capacity to give and receive mature affection."

After the meeting refreshments of coconut dream pie and gealtine salad were served by the hostesses, Mrs. Donald Musser, Mrs. John Woodworth and Mrs. Harold Lawrence in the absence of Mrs. Bill Murphy, who was unable to attend the meeting.

RED CROSS DRIVE GIVEN GOOD START

The Red Cross drive is on in Mendocino county, starting Monday throughout this area, as well as nation-wide, and while early contributions have not been checked, it is known that first of the organizations to contribute are Ukiah Grange, which voted a donation at a meeting held last Friday, and the Saturday Afternoon Club, which authorized a Red Cross contribution during a session held February 28.

Bank of America has delivered a check for $45 to Mendocino County chapter of the American Red Cross as its 1948 local contribution to the National Red Cross drive. This is the chapter's proportionate share of Bank of America's statewide gift of $45,000.

Letters appealing for funds during the March campaign have been mailed out from the chapter headquarters in the Hotel Cecille building, Ukiah. These letters are to be the only request for donations as there is to be no personal or door-to-door solicitation and business houses will not be visited for contributions in Uikah area. In previous years Ukiah has come forward with her quota for the Red Cross, the letters prompting her action, and the same response to the letter-appeal is expected this year. Potter Valley, Redwood Valley and Hopland are included in the area with Ukiah and the quota for the four communities is $2946.

The remainder of the $5500 quota assigned to the Mendocino County Chapter is divided as follows: $1600 to Wililts and vicinity, $477 to Covelo and the same amount to Anderson valley.

During the 1947 campaign for Red Cross funds. Willits made the amazing record of collecting her quota in the first week of the drive. Last Thursday evening the neighboring community had a Red Cross rally and the county headquarters sent films to show at the gathering.

Mrs. William Talley will again head the Willits campaign. In Covelo Rev. DeFord will have charge and the Anderson valley community will be supervised again by Mrs. J. T. Farrer.

School of Instruction To Be Held in March

Plans for a school of instruction to be conducted by zone chief, Tillie Sexton, were made at the meeting of Kewanna Council, Degree of Pocahontas, in Elks hall, February 26.

The business meeting was preceded by a potluck supper with viands of all kinds tempting the guests to eat of every dish passed and to partake of pies and cakes of many kinds.

The tables were spring-like and inviting with their blossoms of daffodils and flowering quince in artistic arrangements. There were 75 members and guests to enjoy the feast, which was in charge of Ila Hollander, Eleanor Hall, Norva Ganter and Gertrude Etter.

There was a short business meeting presided over by Mrs. Gertrude Etter, Pocahontas. After the plans for the school of instruction were settled, it was decided there would be drill practice on the second Thursday of the month.

Mrs. Etter appointed the men to serve the refreshments for the meeting on March 11. Fred Figone was named chairman.

There were two mystery packages which were won by Minnie Sweeney and Winifred Mitchell.

The evening was closed with old-fashioned dances, the music for which was furnished by Mrs. Andy Huff and Frank Tolman.

The division also issued a license to Alice Blake who contemplates a $500 expenditure for additional sanitary facilities at the Silver Fox Auto Court, south of Little River.

Mr. and Mrs. Bert Mankins of Santa Rosa and their daughters, Mrs. Harold Ashton of Berkeley and Mrs. Carl Daubeneck of Ukiah were recent guests of Mrs. Mabel Dodge of Upper Lake.

Willits News Notes

WILLITS, Feb. 28. — Let it be known that women can keep silent. It was proven last Thursday at the home of Mrs. Shirley Case where 25 ladies played a sixth or silent hand of Dutch Whist. The penalty of a point for the opponent for speaking may have been an incentive, but regardless, silence did prevail. The occasion was a surprise baby shower for Mrs. Betty Mitchell, who received an overflowing basinette of gifts from Mesdames Eloise Whited, Ernestine Porro, Betty Deghi, Ella Cavanaugh, Gay Cameron, Gert Zanella, Barbara Steadman, Anita Swope, Bette Morris, Jean Zanella, Helen Gray, Earlene Whittaker, June Roby, Mildred Hill, Lorraine Collins, Midge Collins, Emma Alcott, Shirley Case, Evelyn Collier, Patty Garliepp, Skip Case, Patty Garliepp and Evelyn Busby. Hostesses Mesdames Skip Case, Patty Garliepp and Velyn Collier served a midnight snack of chicken salad, complete with rye bread sandwiches and trimmings topped off with miniature basinettes of candy and, of course, there were coffee and chocolate.

Winners in Dutch whist were Earlene Whittaker and Mildred Hill. The consolation prizes went to June Roby and Lorraine Collins. Mrs. Barbara Steadman proved that she knew her beans by guessing the number of beans in a jar, consequently she received a $5 credit order on the Willits Cleaners. Good guessing, Barbara.

Willits Lodge, F.&A.M., rounded out a busy month with a second degree last Friday night. With the weather definitely wet the coffee and sweet cakes were just what was needed.

The regular meeting of the W.I.C. Club will be held March 5, in the Veterans' Memorial building at 2:15, with Mrs. Darrold Page as program chairman. Mrs. Olive Busch of Ukiah, county chairman of California History and Indian Welfare, will be guest speaker. Hostesses for the afternoon will be Mesdames Henry Haehl, A. A. de Grassi, Fred Hamilton, Leonard Munson, Fred Littlefield and Alexander Hansen.

The Women's Society of Christian Service of the Methodist church met February 25. Hostesses Mesdames Esther Elliott, Bette Duncan and Susan Foster served homemade cake and coffee to the more than 40 ladies present. The long, lace-covered table was centered with attractive arrangements of sweet daphne. Mrs. Mark Walker, president, presided over the meeting and Mrs. Grace Williams gave the devotions. Afterward Mrs. Esther Elliott entertained the group with a sacred song, accompanied at the piano by Mrs. Flora Saxon. Rev. Haggarty stressed the need of prayer and self-denial during the Lenten season. After this the houseparty of the Redwood District, which is to be held at Hoberg's on May 11, 12, was discussed and several members made reservations to attend. Eight new members were added to the society at the meeting.

March 20 will find Val's Meat Market looking as if it should have been O'Vallery's, for the Irish touch will be quite evident. On that date the ladies of the Altar Society of St. Anthony's will feature a St. Patrick Day bazaar. It will feature food and fancy work, both useful and ornamental. There's bound to be something everyone wants.

Cupid has scored again! This time the little felow marked Irlene Dukes and Frank Boomer for matrimony. To honor the coming event Mesdames Sarah Secrist, Barbara Steadman, Ogg and Boomer were hostesses at a bride-elect shower whereat they entertained Mesdames Dukes, Lawson, Olson, Page, as well as Elsie Lawson, Pat Collins, Patsy Page, Barbara Cronk, Barbara Couey, Arvenell Dukes, Marge Cleveland, June Page, Martha Rothsprack, Shirley Couey, Richie Dukes, Barbara Evans, Helen Lara, Beverly Stoddard and Roberta Yokum. Entertainment consisted, in part, of a game whereby each girl could see her future forcast. Though not superstitious by nature, all present hoped that it would be correct, as the honoree came out with highest honors, or with love, fame and gold promised to her. Winner in the word scrambling contest was June Page, while Marge Cleveland was awarded the boobie prize. Refreshments of ice cream, cake and punch were served on a white table decorated with pink and blue flowers. Those invited but unable to attend were Bobbie Ullstrom, Marilyn Boomer, Evelyn Heckendorf, Lillian Kroh and Rozanne Bullock.

There is no doubt that the 20-30 Club is composed of red-blooded he-men. Should anyone doubt it, let them check with Norman Miller, laboratory technician at Howard Memorial Hospital, who spent Wednesday evening taking samples of their blood. It was done at their regular meeting with the purpose that once the blood is typed, and a transfusion becomes necessary, there will be no delay in finding a donor with the correct type. Besides their dinner at Andy's, the club enjoyed listening to their guest speaker, "Bill" Jamieson who, being a member of the forestry service, was fully qualified to speak on forestry. Other business discussed included Ladies' Night, which they will hold next Wednesday. Could it be they are going incognito, so as to be safe from the lassies who plan to take advantage of leap year?

The whist and bridge party given by the W.I.C. for the benefit of the Cooperative Nursery School was indeed a success. It was held on February 25 at Leak's hall, and all 60 persons present thoroughly enjoyed the party, from the cards to the rich pecan pie with whipped cream and coffee, which was served by the hostesses, Mesdames Sam Petty, Ray Hilderbrand, John Kiraly and Max Whitsman. Mrs. George Petersen was the artist responsible for the clever posters advertising the affair, as well as for the equally clever scorecards. The cards were in form of a slate with appropriate sketches to match the hall and table decorations, for which Mrs. Lester McCray receives a bouquet. She, too, carried out the nursery school theme with pictures painted by the youngsters and books befitting the age group on display. She did the tables with daffodils and ivy. Mrs. John Brooks, Sr., won the door prize, a circus cake generously donated by Mrs. Grace Williams. Whist winners were Rose Anderson, Erma Martin, Sarah Secrist and Viola Crouch, while at the bridge tables Inez Frost took top score with Alecia Cureton, Dorothy Whitaker, Fannie Bradford, Rose Heckendorf and Mrs. John Hanson also receiving prizes. Additional prizes by drawing were given to Mrs. Fred Collins and Orletta Nelson.

Miss Mary F. Fiedler, regional field advisor of Camp Fire Girls for Region 10, helped local Camp Fire girls' guardians and interested citizens in organizing a camp council. Lee Wise was appointed temporary chairman in charge to organize the camp council. The committee made up of Robert Maize, Mrs. Roy Hampton, Rev. William Haggerty and James Maize was appointed to work on organization, while the membership committee, of Mrs. Jane H. Williams and Mrs. Martha Johnsrud, plan to go into action soon. The 25 persons present will undoubtedly return again in April, at which time another regional representative will be present.

Visiting the Carl Beggs' home over the weekend were Mr. and Mrs. Frank Beggs, (he is Carl's brother) and Mr. and Mrs. Martin Samuelson, all of Petaluma. Hunting must have been discussed as Mr. Samuelson is a member of the deer-hunting party that journeys to San Hedrin each season, as guests of Carl Beggs.

Sign Golfers For Summer Tourney

With an eye to creating interest among Ukiah golfers in summer tournament possibilities, H. D. Roberts has been busy the past few weeks getting signatures from the members of Ukiah Elks lodge under a heading that reads as follows:

To develop a greater interest in golf and good sportsmanship, the following members of the local lodge will keep in practice to the best of their ability and stand ready to defend this organization in competition with other groups in any tournament or challenge offered by other local clubs or lodges.

Signatures of more than 20 members now appear on the sheet and a committee, which includes Ernest Banker and Newell Rawles as members, is active in promoting more interest in the idea. Roberts is sponsoring a Civic Group Annual Trophy to be awarded the winner in final tournament play each season, with the name of the winning organization to be engraved on the "Oscar" each year.

"All golfers or local residents who would like to become acquainted with the fascinating game of golf should drag out their outfits, dust off their bags, check over clubs and see if there are still a few tees and balls left," Roberts said.

"Some other Ukiah organizations have already taken up the challenge and are busy organizing their members now. It is hoped that each lodge and club will come forth with a representation. Our beautiful golf course is an ideal place for an abundance of good sportsmanship and some healthful amusement.

"All play-offs will be matched and supervised by our very competent pro, Bob Clark.

"The San Rafael Elks lodge has sent a challenge to the Ukiah chapter to meet their golfers and to bring along the billiards team, too. Some of the Ukiah brothers are looking forward to a trip to San Rafael some weekend when the weather is good. Of course, a return meet in Ukiah will be expected, too.

"If all golfers get behind this movement and put it over in a big way we may see some busy times at the Ukiah course this year. A tournament program will bring many outsiders here and get them acquainted with our fine course. In addition, many of our golfers will be given an incentive to travel."

A movie in technicolor was shown, to acquaint the audience with the duties and actions of a Boy Scout troop. The Fort Bragg scouts and Point Arena boys then retired to one of the classrooms to get acquainted, while Mr. Hickenbottom discussed different plans with a few parents. Due to the fact that only seven adults were present, everyone agreed that nothing could be done until more people showed they wanted a scout troop. There will be a second meeting held March 10 at 8:00 p.m. in the high school auditorium. This meeting will decide whether or not Point Arena wants a scout troop.

Ukiah Cagers Drop Thriller

Cats Blanked In Final Quarter As Play Resumes

Although they had the misfortune to come out on the little end of the score, the Ukiah Wildcats' first string gave the cash customers a basketfull of thrills as they went down 19 to 16 at the hands of their arch rivals, the muscular Lakeport quintet, here Friday night. Both clubs were keyed to a high pitch and their overanxiety frequently robbed them of extra points through the hoop in the low-scoring battle.

The second game of the season with Lakeport, the Friday tussle marked the first appearance of a Lakeport hoop team in Ukiah following the resumption of basketball relations between the schools. Coach Roy Burkhead's charges showed themselves to be a well-coached outfit, schooled in the fine points of sportsmanlike conduct in addition to being well grounded in the fundamentals of the game.

Although players' tempers frayed at several points in the nerve-wracking final quarter, casualties were avoided and fans agreed that officials Bill Manford and George Hengeveld turned in a commendable job of calling.

The Cats started slowly, allowing the lads from the lake country to pile up six points before Wright broke the ice with a successful free throw, after which the locals warmed up with a determined stern chase and overhauled the visitors to lead 7 to 6 as the quarter closed. It was 14 to 10, with Ukiah in the lead at the half and the Cats were able to hang on during the third frame to lead 16 to 13 as the period ended. But those 16 markers were all Piffero and Radcliffe and company could collect, as they were blanked in the last quarter and Lakeport went ahead to win 19 to 16, with the hoop showing a singular repulsion for the scoring efforts of both sides. Time after time the ball rolled tantalizingly around the rim, only to fall outside.

Total individual points were nothing to write home about, but the brilliant floor play of young Piffero, the Cats' mighty mite, was definitely outstanding. The fast Ukiah forward multiplied his efforts repeatedly, seeming to swarm all over the court at once, recovering the ball consistently from towering opponents. Lakeport cagers seemed to have a little edge throughout the contest in the vital matter of controlling the rebounds, however.

In the preliminary, the Ukiah Kittens had all they could handle to come out on top of the Lakeport seconds during the first half, but extra intelligence imparted during the mid-game recess may have made a difference as Bill Murphy's hopefuls surged ahead, leading 18 to 16 at the end of the third period and finishing the game in command of a 34 to 25 lead. As was the case with their first team brothers, the Kits were a trifle reluctant to follow in for rebound attempts during the first part of the contest. N. Wright was high scorer for the opener with an 11-point total.

Feminine Cagers Stage Fast Game

Action in the feminine division of the Ukiah recreation league was highlighted by the Bachelorettes in their 22 to 20 victory over the State Street Hussies last Thursday night in the high school gym. Sparked by Dorothy Hunt, the Bachelorettes edged their way into a tie for second place in the girls' division.

Diminutive Evelyn Ringstrom, who equalled Miss Hunt's scoring efforts for the evening, was seriously handicapped by the defensive work of Barbara Dumas, who kept her on the ineffective list for the greater part of the game.

Firing the opening gun in the junior girls' basketball league, the Dolls, led by Ann Myszka, thoroughly trounced a bewildered Sheepherder quintet 18 to 6, Monday afternoon on the grammar school court.

From where I sit ... by Joe Marsh

How to Put Up with Women's Styles

When Will Dudley's missus finally gave in to the new-style longer skirts, Will was mighty critical at first. Allowed as how women were a slave to fashion ... ought to dress to please their husbands and not style designers.

Sue finally reminded Will of his habit of sitting by the radio Saturday afternoons in shirt sleeves and old slippers, listening to the sportcasts with a mellow glass of beer. Suggested that maybe Will was a slave to comfort.

And Will admitted she was right.

Perhaps the way somebody dresses isn't always to our taste—just as Will's glass of beer may be another person's cider.

But from where I sit, those little differences aren't important—unless we go out of our way to make them so, by being hypercritical. As Will says now: "Well, anyway, those long skirts hide a multitude of shins" ... and lets it go at that!

★ Willits News Notes

WILLITS, March 3—Batching it this week is Glen Swope whose wife Anita is in San Francisco doing some pre-Easter shopping. Able to appreciate his situation is Val Valloni, whose wife and son are shopping and visiting in the bay area.

No longer will Duane Gunderson have to bach for he took Annabel Jodion as his wife last Saturday in Reno. The couple were accompanied on their trip by Mr. and Mrs. William Bergsen of Berkeley. After the ceremony, at which Rev. Fleming of the Methodist church officiated, the newlyweds journeyed leisurely homeward, stopping off to see Lake Tahoe and vicinity. Both are well known locally, as they attended school here. The bride is the daughter of Mr. and Mrs. R. Bergsen of Sherwood valley while the groom's parents are the Adolph Gundersons of Willits. Congratulations, Kids!

In the near future the green and gold blazer jackets of some students of Willits High will sport a new emblem, perhaps two crossed keys. Those will be the members of the new Key of Courtesy Club. Qualifying students must have performed some notable service for their school or community. Under this stipulation Block W members will be eligible and so will other athletes, if vouched for by block holders. It is not limited to sports, as loyal rooters, active members of other clubs, and students interested in civic activities can become members when passed by a two-thirds majority.

The redwood burl room of Brooktrails Guest Ranch was an ideal setting for the Willits Horsemen's Association last Friday night. During the business session of the meeting the ladies of the association decided to sponsor a cake sale at Val's Meat Market on March 13 to raise money necessary to purchase equipment required by a new social organization. Several names were mentioned as prospective candidates for the Sweetheart of the Rodeo, but none was decided on. The girls this year are being picked very carefully as the 1948 sweetheart will receive a fully paid, 3-day trip to San Francisco where she will have publicity shots taken of her and the mayor. New members, Bill Keefer, Bill Ford, Marjorie McKinley, Jessie Long, Al Greenberg, Joe and Dorothy Hamernick, joined the others present in refreshments after the meeting. Looks like an up and coming organization.

Another new organization soon to be heard from will be the group of approximately 15 men who propose to elect officers and start a rifle club in Willits under the National Riflemen's Association. More later.

Despite warnings by County Poundmaster Homer Cake, dog owners have still allowed their dogs to run loose. Inasmuch as sheep have been killed on the Helen Smith property, Mrs. Smith has put out poison in and about her land. So if you hear of somebody's dog being poisoned, chances are it wasn't done by a canine hater, but the dog itself was where it had no right to be and might well be the one killing sheep.

Three men from Willits, William Jamieson, James Durnford and Charles Zanella, attended the 652nd Composite Group, Officer's Reserve Corps, Monday night in Ukiah. During the business meeting it was decided that Ukiah would be the permanent place of their regular monthly meetings. Too, if and when the bill passes, granting reserve officers the same longevity privileges as to the men on active duty, the unit will hold its meetings bi-weekly. As the film, Operations Crossroads, was unobtainable at that time, the group saw two other films, one a sports review, the other dealing with the recent war. Undoubtedly Operations Crossroads will be shown at their next meeting.

The American Legion held the district convention in Fort Bragg over the weekend. Those going over Saturday night were Mr. and Mrs. Leland Cureton and Mr. and Mrs. C. G. Elliott. By going over early they were able to participate in the evening of dancing and other entertainment, while Basilo Quadrio, the Bruce Steadmans, the Louis Bertains, Bob Lewis, Sr., Fred Foord and Bill Jamieson, who went Sunday, took in the business meetings. Cecil McKinnons, state finance officer of the auxiliary, and Don Clark, state adjutant, gave interesting and enlightening talks. Among the decisions made was a veto of the plan wherein the counties of Mendocino and Lake would withdraw from the First district and form the Twenty-Eighth. Although this may have been disheartening news to some, the fish dinner served by the Fort Bragg post was good eating to all.

Bare headed these days will be Roy Hampton, Edgar Heckendorf, Bill Ford and Val Petersen, as these four are the latest to throw their chapeax into the city council ring. That brings the total to six, which means that there will be some competition, at least. Good going, gents!

While on the subject of councilmen—the present city dads held their monthly meet Monday, when the extension of North street south was discussed and agreed on. The action was taken as the R.&E. Electric Company plan to build a warehouse there and several citizens have made known their plans for homes on the extension to be. It is good to know that the council still plans for the future, even though only one, Russell Ells, will still be on the council, come next electeion, unless the others make known their intentions soon. A decision was also reached on letting the state take over Main street.

Although swing and jazz is what the young folk of today dance to, some still must care for the long hair stuff, as a busload of students, with Mr. Martin, are going to San Francisco on March 20, to see the San Carlos Opera Company's production of Madam Butterfly.

The total poundage of old clothing collected by the Boy Scouts is not available at the time of this writing. However, the Willits high school brought in close to 1000 pounds, while the junior and senior classes challenged one another as to which could round up the most old clothing, and the race was nip and tuck through the finish with the Juniors walking off with the laurels for having 29 pounds more, or .08 pounds more per person. That's really cutting it close.

With March 19 only a couple of weeks off, the Lions Club is truly rehearsing and re-rehearsing to make certain that the minstrel show will be all the public expects. It's bound to be, as ably assisting the thoroughly capable Lions are some members of the BPW, some persons active in the night choral classes, and some not affiliated with any organization, but all interested in black face comedy and song.

With April 24 in the not too far distant future, all those interested in the Bi-County Music Festival had best polish up their instruments and voices for this year it should be better than ever.

Busier than ever will be Mrs. Shirley Case and the ladies she will call on to help with the Red Cross sewing quota. It calls for 100 bedroom slippers, 25 nightgowns and 25 cardigan jackets which, to most of us, is a heap of sewing. I'll be chief needle-threader, Mrs. Case.

Meet the waltzing kids on skates in Willits, Miss Joan Amphila and Harold Casteel. Unfortunately, the name of the luckiest youngster, winner of the elimination contest, escapes me at the moment, as does the winner of the door prize However, Marjorie Krch proved her popularity by giving away her kisses sooner than anyone else. Howard Brooks received more than any other boy present. Too bad they were of the candy variety, Howard.

The canteen members held a meeting March 1 at which they spent the greater part of the time attempting to find ways of raising money to pay the athletic director, if and when the council decides to make it mandatory to have a director on duty full or part time. No source has yet been found.

The local railroad employees and their families, as well as interested citizens, sat shoulder to shoulder last Monday night and watched the Southern Pacific Company put on the film, This Is My Railroad, with no admission charge. It told the story of the railroad in "quiet mood and in intense action," and told it well.

March first has arrived and with it the ladies soliciting for the Red Cross. Remember the slogan, It's Red Cross Time, So Give,—generously.

Stork Makes Three Calls

People have frequently purchased some souvenir to enable them to remember a city or a visit, but the Warren Harmons of Santa Rosa have a life-long reminder of their visit in Willits. He is Mark Warren Harmon, who was born at the Howard Memorial Hospital.

Others joining the ranks of proud parents this week are Mr. and Mrs. Herman Smith of Willits, who took delivery of a son, James Allen Smith, and the Herbert Poseys became eligible through the arrival of a son, John Henry Thomas.

Beer Distributors Hold Monthly Meet

The local unit of the Northern California Beer Distributors Association, including distributors in Mendocino and Lake counties, held their monthly meeting Tuesday evening at the Palace Hotel, with the following present:

Wholesale Distributors, Ukiah; Claude Lauritsen, J. C. Tyther Co., Lake county; M. M. Koehn, executive secretary, San Francisco.

M. M. Koehn of San Francisco, executive secretary of the association, and Claude Lauritsen of the J. C. Tyther Company of Napa, district director, were also present.

The principal discussion concerned ways and means of establishing more adequate service and distribution during the coming season in this resort area.
